QUILTING BEE -- February 22, 1986:

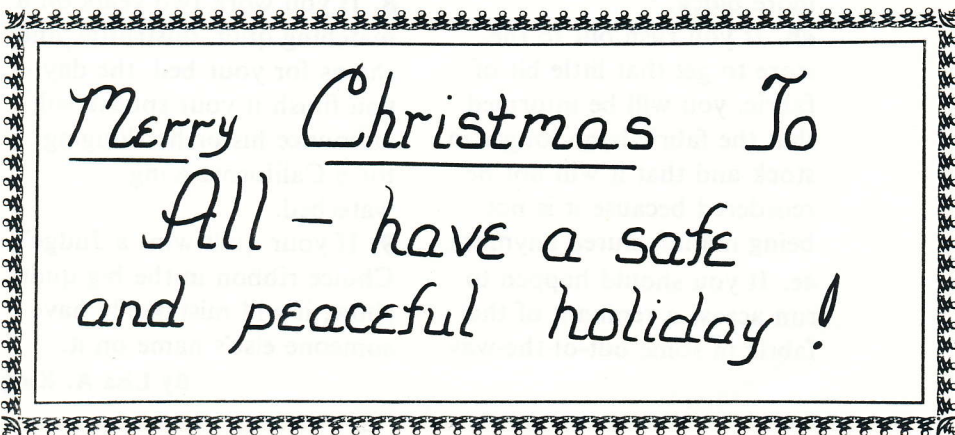

We still need many volunteers to make this a successful and fun day. We are looking for people who want to demonstrate techniques as well as people who will help with the planning and the implementation. Please contact Shelly Burge at 423-4295 or Karol Smith at 477-4788 if interested in helping!!

If you are not on the regular calling list for Afternoon workshops and would like to attend, please call Joan Schwalm at 489-6960 by the Friday before so you can be included in the hostess count and a last minute change of place!! The workshops are listed in the yearbook.

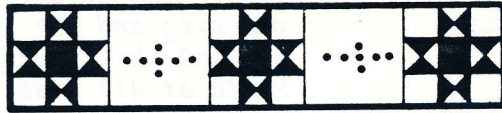

HELP!!!!!! I have names of 3 people who have quilting they would like to have done. I have only received one name on our current list of quilters. The Guild really does need to maintain a list. Call Karalene Smith !!!PLEASE!!!!!!

Several members inform us of someone who will come to your home to repair sewing machines. His name is Wille Brooks at 1511 "B" Street; 435-5183.

Barb Ralston brought two quilt tops to the October meeting. These are for the proceeds going to the city Mission. You may speak to her directly or make an offer on the quilts at the November meeting. Barb may be contacted at 474-3881.

Murphy's Law

1. If an error in block construction or placement has been made, it will not be discovered until at least half of the quilt is quilted.
2. If your children and spouse are away for an entire evening, leaving you five hours of uninterrupted peace in which to quilt, there will be a power failure. (Ever tried to quilt by candlelight?)
3. If you order by mail some quilting supply that you desperately need NOW, the UPS and/or the postal workers will go on strike.
- 4a. If you run out of a certain fabric, you will need only enough to finish one more block.
- 4b. If you rush out to the store to get that little bit of fabric, you will be informed that the fabric is no longer in stock and that it will not be reordered because it is not being manufactured anymore.
- 4c. If you should happen to run across a remnant of that fabric in some out-of-the-way place, you will have neither money, nor checkbook, nor charge card on your person.
5. If you plan to attend an all-day Jinny Beyer workshop (for which you have waited three months) the entire family besides yourself will start vomiting and running a 104° fever that morning.
6. If you drive sixty miles one-way to the best quilt shop in the state, it will be closed for the day due to unforeseen circumstances.
7. If you receive an advertisement in the mail for a fantastic fabric sale, the sale will have ended the previous day.
8. If you work two years on a matching quilt, dustruffle, and shams for your bed, the day you finish it your spouse will announce his or her longing for a California King waterbed.
9. If your quilt wins a Judge's Choice ribbon in the big quilt show, it will mistakenly have someone else's name on it.

THANK YOU VERY MUCH !!!!!!!!!!!!!!!

I'M A NEW MEMBER

I see you at meetings, but you never say "hello"
You're busy all the time you're here with those you already know.
I sit among you strangers, and yet I'm lonesome---
The new fish are as strange as I---
you old ones pass us by,
But, you asked us in and talked of fellowship.
You could step across the room,
but you've never made the trip!
Why can't you nod and say "Hello",
stop and shake my hand?
Then go and sit with your friends, and then I'd understand.
I'll be at the next meeting, perhaps a nice time to spend.
Do you think you could introduce yourself?
I want to be your friend!!
